Scale 1:2; looking at the front (along +Y)

**RIGHT VIEW**

Scale 1:2; looking at the right side (along -X)

**WHERE IT GOES**

This part in colour, its neighbours in grey

**HOW TO MAKE IT AND HOW IT FITS**

41 mm across (44 mm at the grip band), 165 mm long, 37 mm bore

Bottom: 40 x 3 mm female thread, 10 mm deep, inside the grip band

Top: 4 mm end wall with a 10.4 mm bore for the module nipple

Above it: 20 x 2 mm male thread spigot for the spout

Print upright, 0.15 mm layers, 4 perimeters; bore smooth for the O-rings

Check the bore with the module: two O-rings slide in with light force

Check: 2 m of known potable test water head holds with no seep
