WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

510 x 420 mm with four 46 x 46 mm notches round the legs

Four 5 mm holes over the rails for the shelf screws

The clean bucket stands 75 mm forward of centre so its tap overhangs the front

Check: drops over the legs onto the rails; top face at 138 mm
